## Siderise Group

We are a global expert in passive fire solutions for the building envelope. We are also specialists in high performance acoustic and thermal solutions for façade and building interiors, and serve the OEM sectors such as rail, marine and HVAC.

Driven by our ethos of 'integrity in all we do,' we see our role as more than just a product manufacturer. This means taking a holistic approach in understanding where and why our products are used, and how our technical and site services teams can continually support their proper application.

The screenshot shows the NBS Source website interface. At the top, there is a search bar with 'firestop' entered and a dropdown menu set to 'All'. The navigation bar includes links for Home, What's new, Browse, BIM Library, Inspiration, Collections, and CPD. A 'I'm a manufacturer' button is also present. On the left, there are filter panels for 'Country of material origin', 'A1-A3 (production stage)', 'BIM OBJECTS', 'Software platform', 'GENERAL', 'Width (mm)', 'Warranty description', 'Shape', 'Material', and 'Length (mm)'. The main content area displays a grid of product cards. The first row includes 'Cavity Stop Sock' (verified 2 months ago), 'Socket Box Inserts' (verified 2 months ago), and 'CW-FS Firestop and CW-CB Cavity Barrier' (verified 2 days ago). The 'CW-FS Firestop and CW-CB Cavity Barrier' card has a tooltip that says 'Has BIM object(s)' and shows icons for BIM, RIBA, and a '+5' count. The second row includes 'Fire and Acoustic Socket Boxes' (verified 4 months ago), 'PFC Corofil Fastight Curtain Wall Barrier CFCW - Curtain...' (verified 5 months ago), and 'Dacatie Dacablock 1 Hour Fire Rated DPC Fire Stop' (verified 23 days ago). Each card includes a 'Compare' checkbox and a 'Download BIM' button.

This section features a red circular logo with the text 'RIBA CPD ASSESSED MATERIAL' around the perimeter and a central crest. Below the logo are two buttons: 'Download BIM' and '+ Add to spec'. At the bottom, there is a CCPI (Construction Competence and Product Information) logo and a QR code. The QR code is associated with the assessed product information: '000800009/0925 CW-FS Perimeter Barriers and Firestops for Curtain Walling products'.

## CPD

CPD (Continuous Professional Development) is fundamental to maintaining and developing professional competence and achieving higher standards, especially in the fire and life safety arena. Design and construction professionals seeking to build the breadth and depth of knowledge and enhance their understanding of passive fire protection can take advantage of our CPD series.

Our technical team of passive fire protection experts can deliver CPD seminars, online or in-person, on a range of topics and different product applications, outlining key specification essentials. This includes RIBA accredited CPD.

# Our experience with the newly launched ribacpd.com

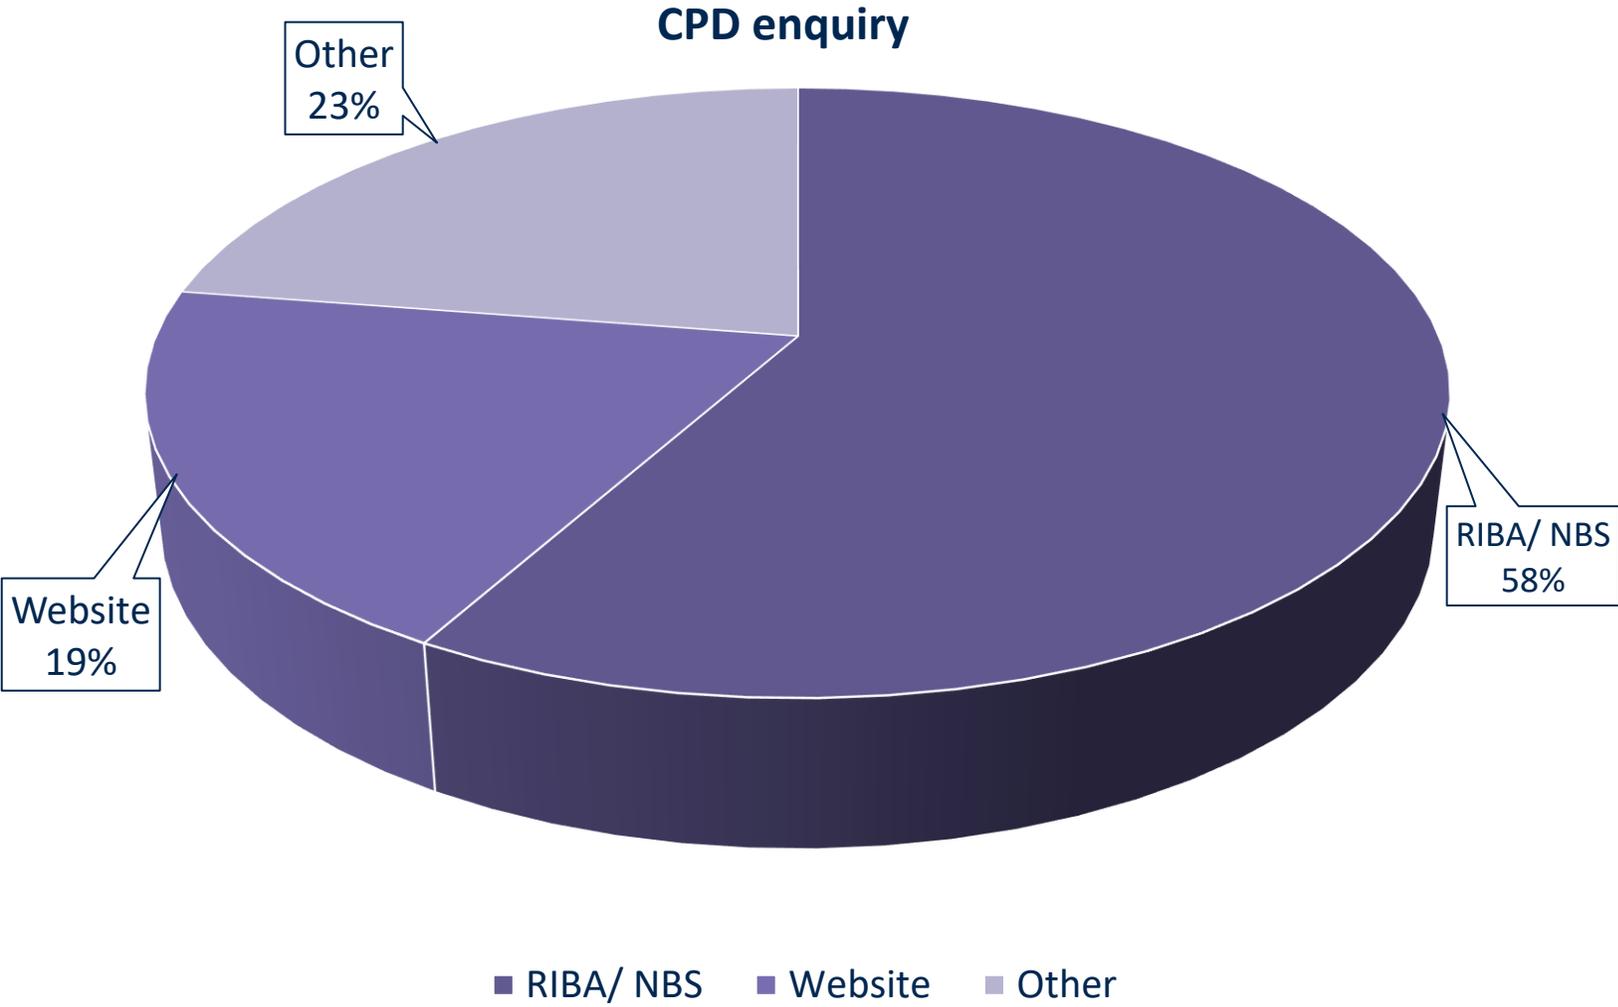

The screenshot displays the 'CPD material' management page on the ribacpd.com platform. The interface includes a dark purple sidebar with navigation options: Home, Brand, NBS Source listings, CPD (expanded to show CPD material, All registered events, and CPD resources), NBS Intelligence, and Resources. The main content area shows a breadcrumb 'Home / CPD material', a title 'CPD material (3)', and a subtitle 'Create and manage your CPD material'. It features a search bar, a 'Sort by' dropdown set to 'Last updated (newest)', and a table of CPD materials.

CPD material	Status	Type
Cavity Barrier in Ventilated Facades	Published ✓	Face to face seminar, Online seminar
Passive Fire Protection in Curtain Wall Facades. Firestopping, Perimeter Seals and Protected Spandrels. (Lite Version)	Published ✓	Face to face seminar, Online seminar

# Our experience with the newly launched ribacpd.com

The screenshot shows the RIBACPD website interface. At the top, the RIBACPD logo is on the left, and a search bar contains 'SIDERISE GROUP'. To the right of the search bar are 'All Content', a search icon, 'RIBA Academy', a heart icon, and 'Sign in'. Below the search bar is a navigation menu with 'Home', 'Browse', 'Showcase', 'Events', 'About', and 'Become a RIBA CPD Provider'. The main content area is titled '"SIDERISE GROUP"' and shows '15 results found'. On the left, there are filter sections: 'Applied filters' (No filters selected), 'Material type' (Face to Face Seminar (14), Factory Tour (1), Online Seminar (10)), 'Provider' (Benx Group (3), Formica Group (1), Hadley Group (1), Iris Ceramica Group (1), PORCELANOSA Group (5), Siderise Group (3), Wykamol Group (1)), and 'RIBA Core Curriculum' (Design, construction ... (13), Health, safety and wel... (4), Legal, regulatory and ... (4)). The search results are sorted by 'Relevance' and show 'Showing 1 - 15 of 15'. The results are displayed in a grid of six cards, each with a thumbnail image, a title, and a list of keywords. The cards are: 1. Siderise Group: 'Passive Fire Protection in Curtain Wall Facades....' (Keywords: Health, safety and wellbeing, Legal, regulatory and statutory compliance). 2. Siderise Group: 'Cavity Barrier in Ventilated Facades' (Keywords: Design, construction and technology, Legal, regulatory and statutory compliance). 3. Siderise Group: 'Passive Fire Protection in Curtain Wall Facades....' (Keywords: Health, safety and wellbeing, Legal, regulatory and statutory compliance). 4. Formica Group: 'Laminate Factory Tour' (Keywords: Design, construction and technology). 5. PORCELANOSA Group: 'Modular Systems' (Keywords: Design, construction and technology). 6. Benx Group: 'The Benefits of EWI Façades' (Keywords: Design, construction and technology).
